Have you met Alice...?

Sitting proudly next to our bar on the ground floor, *Alice* is the traditional copper still that we use to make our delicious house gin.

Her name was inspired by Alice Liddell - the niece of an influential magistrate and landowner who owned an estate near Rye, East Sussex. It was here that young Alice was first told stories written by close family friend and author Lewis Carroll, which famously went on to be published as 'Alice's Adventures in Wonderland'. The village of Peasmarsh and the surrounding area still has a strong connection to the classic English children's novel to this day.

Our Alice is just as whimsical, and turns a bespoke mix of curated botanicals into our delicious house-distilled gin.

When installed, she was the first airport gin still in the world, and years later she is still producing an exceptional premium spirit with the help of our experienced distillers.

GIN & TONICS

SUSSEX GARDEN LONDON DRY GIN

25ml 5.50 | 50ml 11.00

Using more than twice the quantity of botanicals found in typical gins, our house gin has notes of juniper and lemongrass on the nose, followed by sweet cassia and cardamom for balance. A gin of subtle complexity with floral undertones from the coriander seeds and cloves, and a soft lingering taste of liquorice and angelica root in the mouth.

Our mixologists take the same care and attention when creating our delectable small batch and seasonal flavoured gins – ask at the bar for the flavours available today.
